1. Principles

This policy complies with current legislation and the requirements of the School Teachers' Pay and Conditions Document (STPCD) and has been consulted on with staff and the recognised trade unions.

In adopting this pay policy the aim is to:

- Maintain and improve the quality of teaching and learning at each School
- Support each School Improvement Plan
- Ensure staff are well motivated, supported by positive recruitment and retention policies and staff development
- Demonstrate that decisions on pay are fair and equitable

Pay decisions are made by the ESW Remuneration committee based on recommendations by the Head/Executive Head in association with line managers and the leadership team.

2. Remuneration of senior executives

The Board ensures that decisions made on executive remuneration are objective and fair. As Executives are actively involved in the decisions of the Remuneration Committee, recommendations on Executive Pay are made by a separate Executive Remuneration Committee of which those who have an interest are never members. Terms of reference are in Appendix 4.

3. Pay Scales for Teachers and leaders

The ESW Remuneration committee updates pay scales, including the amount for each pay point, annually. The pay structure follows the minimum and maximum points as determined by the School Teachers' Pay and Conditions Document. (**Appendix 1**).

Pay scales for Teachers and leaders are stated in **Appendix 1**.

4. Pay Reviews

The ESW Remuneration committee ensures that each teacher's salary is reviewed annually, with effect from 1 September and no later than 31 October each year, and that all teachers are given a written statement setting out their salary and any other financial benefits to which they are entitled.

Where a pay determination leads or may lead to the start of a period of pay protection, the required notification is given as soon as possible and no later than one month after the date of the determination.

5. Basic Pay Determination on Appointment

On appointment the Head/Executive Head determines the starting salary within the range to be offered to the successful candidate, including supply teachers. In making such determinations, the Head/Executive Head takes into account a range of factors including, but not exclusively:

- the nature of the post
- the level of qualifications, skills and experience required
- market conditions
- the wider School context

There is no assumption that a teacher is paid at the same rate as they were being paid in a previous school.

6. Pay Progression Based on Performance

Teachers receive regular, constructive feedback on their performance and are subject to annual appraisal that recognises their strengths, informs plans for their future development, and helps to enhance their professional practice. These arrangements are set out in the ESW Appraisal Policy. Appraisal includes the totality of a teacher's performance, and not just whether targets have or have not been met.

Decisions regarding pay progression are made with reference to the teacher's appraisal report. In the case of NQTs, whose appraisal arrangements are different, pay decisions are made by means of the statutory induction process. It is possible for a 'no progression' determination to be made without recourse to the capability procedure.

To be fair and transparent, assessments of performance are properly rooted in evidence. We ensure fairness by the following arrangements:

The ESW Remuneration committee recognises its responsibilities under relevant legislation including the Equality Act, the Employment Relations Act, the Part-Time Workers (Prevention of Less Favourable Treatment) Regulations, the Fixed-Term Employees (Prevention of Less Favourable Treatment) Regulations, and ensures that all pay related decisions are taken equitably and fairly in compliance with statutory requirements.

This policy is based on a whole ESW approach to pay issues. Pay decisions take account of the resources available to ESW. The School staffing structure supports the Improvement Plans. The ESW Remuneration committee exercises its discretionary powers using fair, transparent and objective criteria in order to secure a consistent approach in School pay decisions.

The evidence we use includes:

- The appraisal report
- Lesson observations
- Data analysis showing progress of groups taught
- Assessment against the teacher standards as exemplified by the teacher criteria

Teachers' appraisal reports contain pay recommendations. Final decisions about whether or not to accept a pay recommendation are made by the ESW Remuneration committee, having regard to the appraisal report and taking into account advice from the CEO, School Head/Executive Head and Leadership Team. The ESW Remuneration committee considers its approach in the light of the School's budget.

The ESW Remuneration committee may decide to award one increment for sustained, high quality performance in line with the School's expectations. In exceptional circumstances it may award two increments where performance has exceeded expectations.

For teachers on the Upper Pay Spine (Band 3 – Mastery) progression is normally considered after 2 years of sustained, high quality performance.

Pay

7. Pay Progression between Bands

The appraisal policy recognises 3 bands, Emerging, Embedded and Mastery. These broadly relate to pay points 1-3, 4-6 and UPS

Except in exceptional circumstances, a teacher normally moves to Band 2 when they can demonstrate:

- A minimum of three years' teaching experience.
- Evidence that they are already demonstrating the level of performance exemplified in Band 2.

Except in exceptional circumstances, a teacher would not normally move to Band 3 until they can demonstrate:

- A minimum of six years' teaching experience.
- Evidence that they are already demonstrating the level of performance exemplified in Band 3.

8. Movement to Band 3

*Applications and Evidence (see **Appendix 3** for Application Form)*

Any qualified teacher may apply to be paid on Band 3 and any such application is assessed in line with this policy. It is the responsibility of the teacher to decide whether or not they wish to apply to be paid on Band 3. A teacher may submit one application in any academic year.

If a teacher is simultaneously employed at another school(s), they may submit separate applications if they wish to apply to be paid on Band 3 in that school or schools. This School will not be bound by any pay decision made by another school.

All applications include the appraisal reports for the previous two years.

The Assessment

An application is successful when the ESW Remuneration committee is satisfied that:

- (a) the teacher is highly competent in all elements of the relevant standards at the top of Band 2; and
- (b) the teacher's achievements and contribution to the School are substantial and sustained.

"Highly competent" means that the teacher's performance is good enough to provide coaching to other teachers and to make a wider contribution to the work of the School and/or Trust beyond the teacher's own classroom as defined in the Band 3 Mastery criteria.

"Substantial and sustained" means that such contributions are of real importance and value to the School, and that the teacher has met these criteria for at least two years.

Processes and Procedures

An initial assessment is made by the Head/Executive Head within 20 working days of the receipt of the application, and is subject to confirmation at the next appropriate meeting of the Remuneration committee.

9. Performance Related Pay Progression for those on the Leadership Scale

Pay increments are not be automatic.

Executive Heads

Executive Heads must demonstrate sustained high quality of performance, with particular regard to leadership, management and pupil progress at the school(s) for which he/she is responsible and are subject to a review of performance against their performance objectives before any performance points will be awarded.

Annual pay progression within the pay range for this post is not automatic. Any progression is normally by one point, but the Pay Committee may consider movement by two points in exceptional circumstances.

Heads, Heads of School, Deputies and Assistant Heads and others on Leadership Spine must demonstrate sustained high quality of performance in respect of school leadership and management and pupil progress and are subject to Appraisal review of performance against their performance objectives and the totality of their performance, as for teachers, before any performance points will be awarded.

Annual pay progression within the pay range for these posts is not automatic. Any progression is normally is by one point, but the Remuneration Committee may consider movement by two points in exceptional circumstances.

10. Part-Time Teachers

Teachers employed on an on-going basis at the School but who work less than a full working week are deemed to be part-time. Pay for part-time teachers is assessed in line with this policy.

Short notice/supply teachers employed on a day-to-day or other short notice basis will be paid on a daily basis calculated on the assumption that a full working year consists of 195 days; periods of employment for less than a day being calculated pro-rata.

11. Pay Increases arising from changes to the document

All teachers are paid in accordance with the statutory provisions of the School Teachers' Pay and Conditions Document as updated from time to time.

12. Temporary Teaching and Learning Responsibilities

The ESW Remuneration committee may, on the advice of the Head/Executive Head, award a temporary TLR (TLR3) payment. Pay scales for Teachers and leaders are stated in **Appendix 1** to a post requiring additional duties for a time limited period up to 3 years for a specific project identified as a priority within the School Improvement Plan.

The value of any temporary TLR3 is determined within the above range on an individual basis according to complexity and level of responsibility of the role.

There is no safeguarding of any temporary TLR3 payments.

13. Recruitment and Retention

The ESW Remuneration committee may, on the advice of the Head/Executive Head, consider the award of a recruitment and retention payment where there is clearly demonstrated evidence that such a payment is:

- required to attract suitable candidates for a post which is considered difficult to fill; or
- required to retain the skills and expertise of a teacher, particularly in a specialist area or where it is considered that the subsequent vacancy would be difficult to fill.

14. Discretionary Allowances and Payments

In making such determinations, the Head/Executive Head takes into account a range of factors including, but not exclusively:

- the nature of the post
- the level of qualifications, skills and experience required
- market conditions
- the wider School context

15. Safeguarded Payments and Allowances

Safeguarding applies up to a maximum of three years whenever a teacher faces a reduction in salary through no fault of their own in line with current STPCD.

16. Teaching and Learning Responsibility Payments (TLRs)

The values of the TLRs to be awarded are set out in **Appendix 1**

Criterion

A Teaching and Learning Responsibility payment ("TLR") may be awarded to a teacher for undertaking a sustained additional responsibility in the context of the school's staffing structure for the purpose of ensuring the continued delivery of high-quality teaching and learning for which s/he is made accountable. The award may be while the teacher remains in the same post or occupies another post in the temporary absence of the post-holder.

Factors

Before recommending a TLR, the Head must be satisfied that the teacher's duties include a significant responsibility that is not required of all classroom teachers, and that–

- is focused on teaching and learning;
- requires the exercise of a teacher's professional skills and judgement;
- requires the teacher to lead, manage and develop a subject or curriculum area; or to lead and manage student development across the curriculum;
- has an impact on the educational progress of students other than the teacher's assigned classes or groups of students; and
- involves leading, developing and enhancing the teaching practice of other staff.

Before awarding a TLR 1, the relevant body must be satisfied that the significant responsibility referred to in the previous paragraph includes in addition line management responsibility for a significant number of people.

A teacher may not hold more than one TLR, but a TLR could be based on a job description that itemises several different areas of significant responsibility.

TLRs may only be awarded in the context of the school's staffing structure and pay policy.

Following the review of staffing structures, the implementation plan should be attached to the School's pay policy.

17. Continuing Professional Development, Initial Teacher Training Activities, Out of School Learning Activities and Additional Responsibilities Linked to Raising School Educational Standards

The ESW Remuneration committee may, on the advice of the Head/Executive Head, make such payments as they see fit to a Teacher, including the Head/Executive Head, in respect of –

- continuing professional development undertaken outside of the School day;
- activities relating to the provision of initial teacher training as part of the ordinary conduct of the school
- participation in out-of-hours learning activity agreed between the Teacher and the Head/Executive Head or, in the case of the Head/Executive Head, between the Head/Executive Head and the relevant body.

Furthermore, the ESW Remuneration committee may make such payments as they see fit to a Teacher, excluding the Head/Executive Head, in respect of –

- additional responsibilities and activities due to, or in respect of, the provision of services relating to the raising of educational standards to one or more additional schools.

18. Unqualified Teachers

The ESW Remuneration committee appoints unqualified teachers to a salary within the range set out in the School Teachers' Pay and Conditions Document on a 6-point scale as stated in **Appendix 1**.

A newly appointed unqualified teacher is usually appointed at any point in the band determined by the Head/Executive Head. Progression within the range is subject to a review of the teacher's performance set against the annual appraisal review and the appropriate Teacher Standards. The ESW Remuneration committee may decide to award one increment for sustained high quality performance or two increments where performance has been exceptional. Where performance has not been of a sustained high quality, the ESW Remuneration committee may decide that there should be no pay progression. In such circumstances where a teacher's performance is not at the required level, this will be addressed through the ESW Appraisal and possibly Capability procedure.

Where an unqualified teacher obtains qualified teacher status whilst employed by the School, they transfer to the relevant pay band for qualified teachers at a salary at least equivalent to the salary they were being paid as an unqualified teacher.

The ESW Remuneration committee on the advice of the Head/Executive Head may pay additional allowances to an unqualified teacher where the teacher has either:

- taken on a sustained additional responsibility which is focused on teaching and learning and requires the exercise of a teacher's professional skill and judgement; or
- gained qualifications or experience which bring added value to the role being undertaken.

19. Appeals

The arrangements for considering appeals are as follows:

An employee may seek a review of any determination in relation to his/her pay or any other decision taken by the ESW Remuneration committee or the Head/Executive Head acting with delegated authority that affects his/her pay.

The following list, which is not exhaustive, includes the usual reasons for seeking a review of a pay determination.

That the Head/Executive Head or the ESW Remuneration committee by whom the decision was made:

- incorrectly applied any provision of the STPCD;
- failed to have proper regard for statutory guidance;
- failed to take proper account of relevant evidence;
- took account of irrelevant or inaccurate evidence or was biased;
- otherwise unlawfully discriminated against the employee.

The order of proceedings is as follows:

1. If the employee is not satisfied, s/he should seek to resolve this by discussing the matter with the Head/Executive Head within ten working days of the receipt of the pay confirmation.
2. Where the employee continues to be dissatisfied, s/he may follow a formal appeal process.
3. The employee should set down in writing the grounds for questioning the pay decision and send it to the Clerk to the Board within ten working days of the outcome of the discussion referred to above.
4. Any appeal is heard by three members of the ESW Board who were not involved in the original determination, normally within 20 working days of the receipt of the written appeal notification.

The employee is given the opportunity to make representations in person. The timing and location of the formal meeting must be reasonable. Five working days' notice should be given of the appeal hearing which should normally be held within 20 working days of the receipt of a written appeal notification. The notification of the appeal hearing includes:

- The date, time, place of the appeal hearing
- Copies of documents and any other written material or evidence that is relevant;
- The name of any witnesses to be called;
- The employee's right to be represented by a union or professional association representative or work colleague and to call witnesses;
- The employee's right to submit any documentation within three working days of the appeal hearing to the Clerk to the Board;
- The fact that the appeal hearing may take place in the employee's absence if s/he is unable to attend without a satisfactory explanation. If s/he is unable to attend through illness, s/he should arrange representation at the appeal hearing and/or provide written submissions to the appeal hearing.

It is the responsibility of the Clerk to the Board to ensure that an accurate account of the hearing is made. During the hearing, either side will be entitled to request an adjournment for consultation. Any reasonable request should be allowed. Witnesses attend only for that part of the hearing where they are required to give evidence and answer questions. The decision of the appeal panel will be given in writing, and where the appeal is rejected, will include a note of the evidence considered and the reasons for the decision.

20. Review of Policy

The ESW Board monitors the outcomes and impact of this policy on an annual basis including trends in progression across specific groups of teachers to assess its effect and the School's continued compliance with equalities legislation.
